Dear Mr. Epler:

I regret that I cannot send you the addresses of the Electors, but if you will consult "Who's Who in America" I am sure you will find most of them listed, with addresses.

It is quite in order for anyone to write to the members of the Electoral College between now and the 1st of October, when the ballots are to be returned to this office. The results of the election will not be made public until November first.

Sincerely yours,

Assistant to the Acting Director.

Mr. P. H. Epler,
